DESCRIPTION OF BENETEAU SENSE 55

This very modern and elegant 55 foot sail boat from the French masters at Beneteau is in excellent condition and really has "extra everything" (if this can be defined :)). Very well equipped, also with tons of "recreational extras" The model year is 2014, but this boat was not splashed until 2016. It is really turn-key and provides a great opportunity to just hop on board and sail out in the beautiful eastern Mediterranean.

She is a blue hull and full teak decks yacht, also sporting a Seldén Furling main sail, a self tacking jib on a curler, and a geo on a fuller, In addition to this there is a gennaker and and an asymmetric spinnaker. In addition to the main engine from Yanmar, there is also a full "Dock&Go" system. All of this makes the yacht very easy to single-hand, both under sail and under powering as well maneuvering in port.

The boat is in its second ownership, which is Swedish. The first owner was Danish, and the current owner bought the yacht in the Nordics and then sailed it down to the Med, where it resides in Preveza, Greece. It is stored on the hard under cover except for the weeks when the owner is onboard using his yacht. Hence, the yacht is in excellent condition, always serviced and maintained by professionals.

A real opportunity to acquire a yachts of your dreams, sail in the Med, sail up north, cross the pond to the Caribbean, or whatever your heart desires. This very social and easy to handle yacht sets no boundaries to what can be experienced on the water.
